

GARDEN PLANS

Complete layout, ground preparation and all other instructions are sent at the time of the order and also with shipment. These gardens are not recommended for the deepest South.

Butterfly Garden

9' x 11' (13 varieties, 24 plants)

Butterflies are garden visitors that add another dimension to your flower border. Our butterfly corner is designed for that very purpose. Select a sunny site with good drainage. Shelter from strong winds is provided by the taller plants and shrubs. These perennials are all easy to grow and will provide color throughout the growing season. Both the Buddleia and Caryopteris will benefit from cutting back in the early spring to encourage blooms. Over \$190.00 worth of plants. **BUTTER \$165.00**

- A Phlox Sherwood Purple (3)
- B Aster September Ruby (2)
- C Agastache Honey Bee Blue (1)
- D Buddleia Adonis Blue (1)
